

Compactor Connect

Get connected to real-time data and machine status

Connect your business to maximum efficiency.

Dashboard

User friendly dashboard with real-time compactor data.

Notification

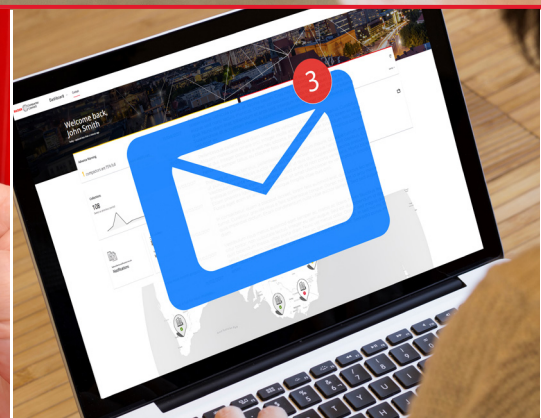

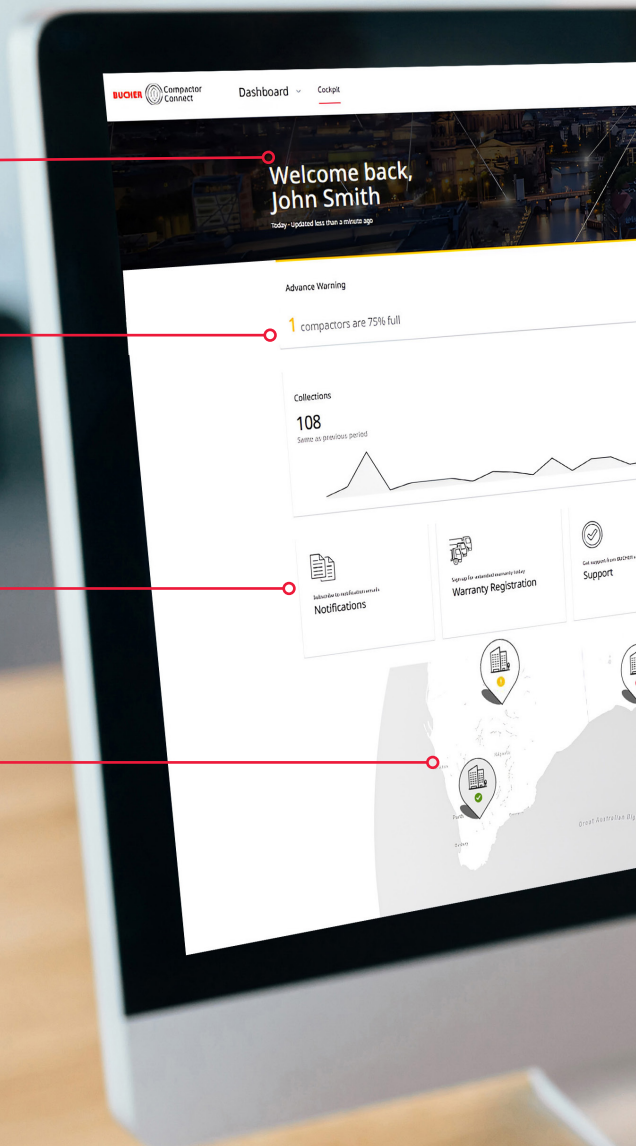

Enabling efficient collections through 75% full and bin full notifications.

Menu

Easy to navigate menu for quick access to all functions.

Map

Animated interactive map, making it easier to see the compactor status at a glance.

Real time status and notifications

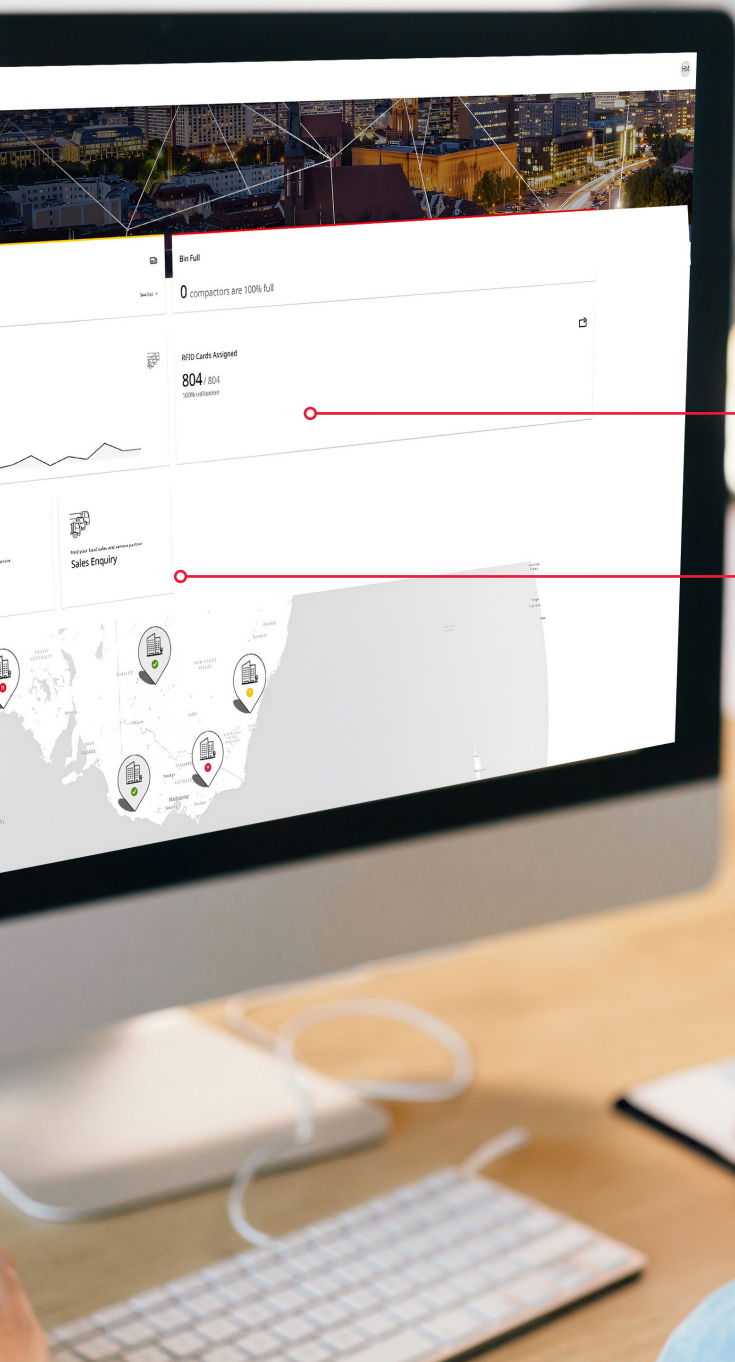

See when your compactor is 75% or 100% full to help with advanced scheduling of collections and optimise up time through our user friendly web portal dashboard.

Manage compactor access

Provide and revoke user access to compactors on demand. New users can be active in minutes not hours, without the need for assistance from Bucher Municipal.

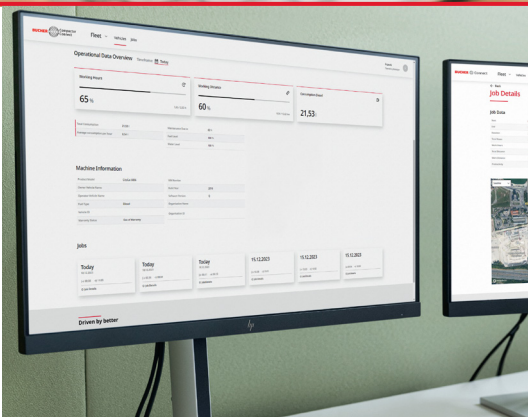

Notification management

Set up notifications and recipients to suit your organisational needs, ensuring the right people are receiving the right information with less noise.

Access
Manage swipe card access and email notification recipients at the click of a button.

Support
Direct access to sales and Service support.

Customised reporting
Generate and download customised reports on demand to suit your needs in real time.

Owner management
Owners can delegate responsibility for managing compactor access to other users to streamline operations and collections.

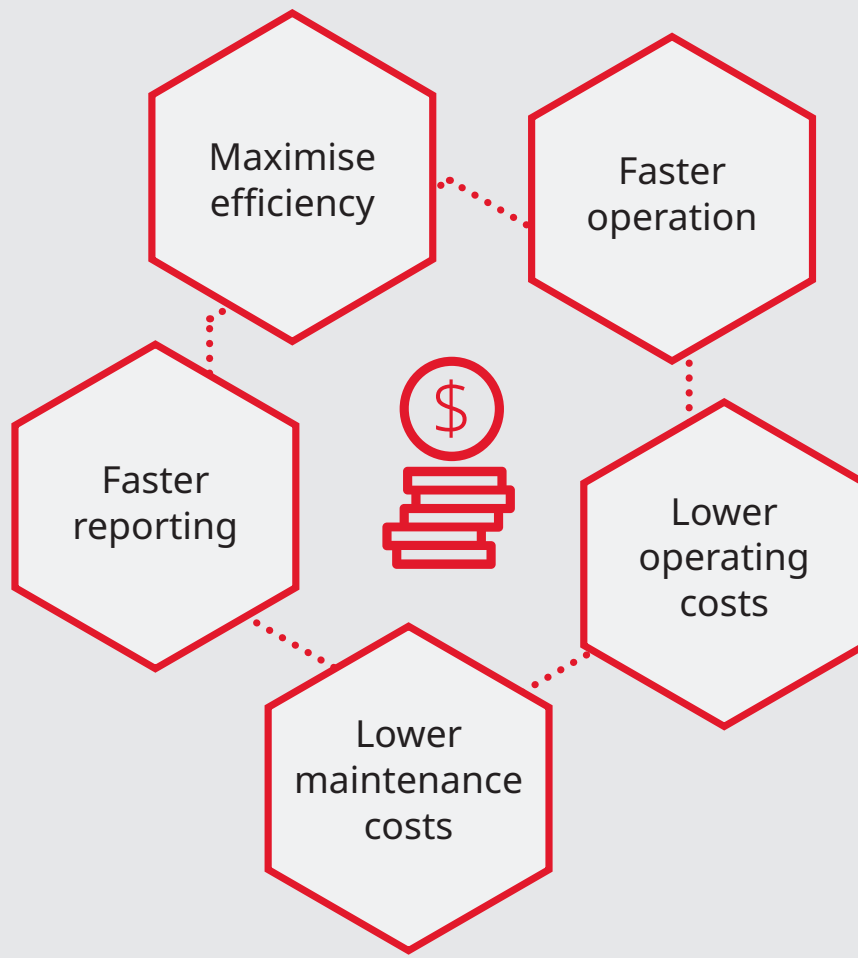

Sales and service support
Remote access to compactor to assist with maintenance and servicing, reducing down time and service call out costs. Access to sales, service and warranty requests through the web portal.
